To the extent that any inconsistency arises between the amendment or addendum and these terms, the relevant provisions of the amendment or addendum will apply to the extent of the inconsistency.
7. The Licensee may make and keep at any one time only one downloaded copy of the current and/or updated version of the Software on one physical media storage device (such as CD or USB) for the sole purpose of installation of the Software onto Authorised Machines during the License Term. It is a condition of this Agreement that the Licensee destroy a previous and/or outdated copy of the Software prior to downloading any current and/or updated version of the Software to be stored on one physical media so that at any given time the Licensee is not in possession of more than one copy of the Software.
